

OT900L

BATTERY-POWERED ELECTRIC TUG
TO PULL LOADS **UP TO 3000 KG***

ZERO EMISSIONS

QUIET

LOW MAINTENANCE

Folding and height adjustable tiller for better comfort of use

Butterfly accelerator, easy to control with your thumb

Pivoting wheel for operations in reduced steering space

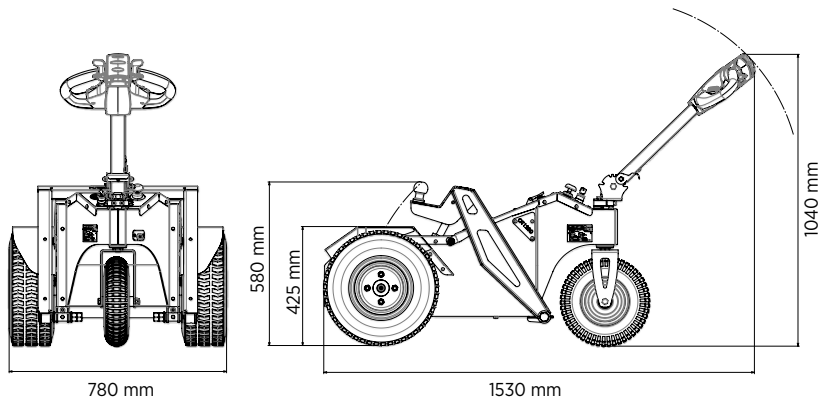

Electric Lifter for tow bar lifting, to facilitate the engagement of the equipments to carry

MADE IN ITALY

The OT-900 L is a towing equipment with three wheels and tiller steering. Thanks to the presence of an electric lifter that controls the movement of a tow ball, it is perfect for handling trailer trolleys, boat trailers and caravans in campgrounds and marinas, in safety and comfort, reducing physical stress and improving productivity.

FEATURES

Equipment body	3 wheels
Driving wheels on differential	Garden type
Driving control type	Foldable tiller
Accelerator	Butterfly type
Battery charger	External 13 Ah High Frequency
Dashboard display	Remaining charge
Parking brake	Electromagnetic with the possibility of release
AGM batteries	2 x 12V/ 85 Ah C20
Electric motor OT900L	24V/900 Watt S1
OT1200	24V/1200 Watt AC S2 60 min.
Product net weight	190 kg abt

PERFORMANCES

Weight movement capacity on flat surface up to *	3000 Kg
Max. load electric lifter	300 Kg
Electric lifter stroke	from 407 mm min to 566 mm max
Pulling speed	
Fast	5 Km/h abt
Slow	2,5 Km/h abt
Pushing speed	
Fast	3 Km/h abt
Slow	1,5 Km/h abt
Battery recharging time	8 hours abt

*The weight movement capacity is an indication., that can change with different machine fittings and working conditions (type of ground,wheel type,use of ballast,etc.)

Features shown are subject to change without notice

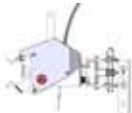

ACCESSORIES

Anti dumping wheel frame with additional hook heights

direct steering system

Clamp for trailer trolleys

Flashing light

Different tyres and tread profiles

Anti flat tire treatment by polyurethane filled wheels

Different battery types
