P110MR

MOTORIZED HYDRAULIC PRESS
AUTOMATIC DOUBLE SPEED WITH FAST APPROACH
CAPACITY 110 TONS

La pressa idraulica P110MR garantisce alte prestazioni e massima precisione esecutiva.
Il telaio monolitico è interamente tagliato al laser e imbullonato a pacco.
Questa caratteristica rende tutte le nostre presse indeformabili anche nei punti di maggior sollecitazione.

	UM	P110MR
Max capacity	TON	110
Approaching speed (fast mode)	mm minuto	1530
Approaching speed (slow mode)	mm minuto	150
Cylinder stroke	mm	300
Stem diameter	mm	110
Shank diameter	mm	M30
Tank capacity	litri	50
Max pressure	bar	350
Tension	V	400
Frequency	Hz	50-60
Motor power	kW	3
Max power adsorption	A	7,3
Weight	Kg	1100

axaTOP:
Made in AxA

A complete range of hydraulic presses from 12 to 110 tons always available in stock for prompt shipments.
BESPOKE presses to customer specifications and for special applications. Custom presses in terms of dimensions (height, width, depth), control panel and accessories.

All components are Made in Italy

- Hydraulic unit with ICME 400V and 50-60Hz immersed motor, cylinders and frames manufactured in AxA Group.
- GALTECH monobloc distributor.
- Nos. 2 unidirectional pumps in aluminum with external gears by VIVOIL. One for rapid approach and return (set at 20bar) and one with adjustable pressure with handwheel to set the required power.
- Relief valve with mechanical lock to prevent overpressure
- Block 2MP CETOP high range.
- Standard pressure gauge to display the power supplied.
- INTECH electrical panel certified according to current regulations and with autonomous CE marking.

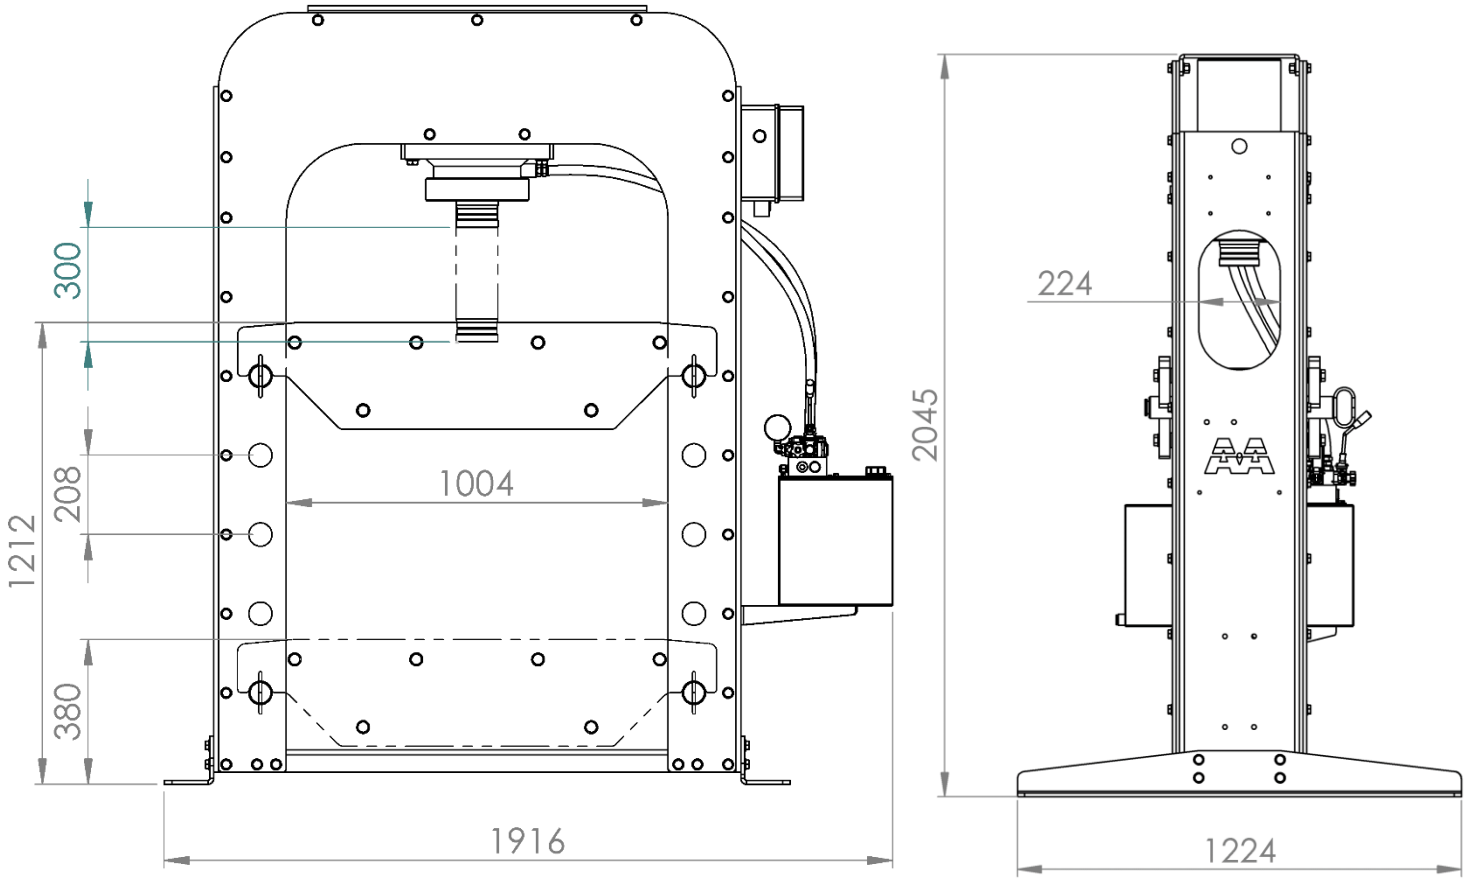
TECHNICAL DRAWINGS



AxA Group produces a complete range of OPTIONALS and ACCESSORIES:

- **plates, V-prisms, milled and T-slot worktops**
- **front and rear perimeter guards**
- **up and down limit switch microswitch**
- **RAPID/SLOW control system for operating the press with one hand within the limits set by current legislation**
- **switchboards for automatic presses with PLC**
- **increased cylinder rod strokes**

All our presses are always accompanied by a user and maintenance manual, CE marking and a certificate of conformity in accordance with the current machinery directive and workplace safety directives.

Our hydraulic presses are made with the highest construction quality and guarantee unlimited reliability.
